Beekeeping 'Taster Day' - Saturday 24th September 2011

Do you want to learn about Beekeeping?

Have you heard about the decline in honey bees and would like to help to change this – or have you thought about keeping bees, but don't know where to start?

Why not come to our 'Taster Day' on Saturday 24th September @ 2-30pm in Wanstead?

- *See inside a bee hive, and handle live bees*
- *Identify drones, worker bees and the queen*
- *Learn about hives, protective clothing and tools*
- *Find out more about this fascinating hobby, and meet members of the local division*

The cost of the 'Taster' session is **£10** and this includes the loan of all **protective clothing**, and **light refreshments**. If you decide to go on and take our 'Beginners Beekeeping Course' next February and March, then we will give you a £10 discount against the cost of that course.

To book a place on the 'Taster Day' please contact Membership Secretary **Mary West** on **01992 579 408** or email her at membership@eppingforestbeekeepers.co.uk

If you can't attend the Taster Day, but would like to know more about the Beginners Beekeeping Course next year, then please email Mary or download a booking form from www.eppingforestbeekeepers.co.uk

Space on the course is limited, so don't delay if you want to reserve a place.
